MAY DAY FUN!

Sky Point hosted the first Annual May Day Event at the office on Wednesday, May 5. The Sky Point family was invited to decorate a flower pot and bring home their own beautiful flower. It was a great success! We painted colored pots, chose a flower, and planted it. Many gave their creations to their mothers for Mother's Day, showcased on their porches, or by windows in their favorite spot. Our friends also received fun spring-inspired activity and coloring pages. It was great seeing everyone's families and friends! Sky Point was especially excited about this event as it was the first in-person event of 2021. We are hopeful to continue this tradition every year!

CONGRATULATIONS, MAIA!

This past April, Maia Tittle completed her internship with Sky Point Social Services. Maia has been such a great asset to the team! She has brought great insights to Sky Point and will forever be in our memories. During her time with us, Maia worked on a vast variety of tasks, including creating our Internship Program that we are so excited to use with our interns in the future. Maia demonstrates a strong sense of fairness, a positive outlook, compassion and she is team-oriented. It is safe to say that Maia leads with her heart, as well as, brings love and joy with every task she is given!

Maia will be an excellent contributor to the Social Work field in the endless possibilities that lie ahead. We are so grateful to have had Maia with us and she will always be part of the Sky Point Family! We look forward to seeing her reach her dreams and seeing where her journey takes her!

SKY POINT GIVES BACK

In April, Sky Point participated in the *Great American Clean-Up*. We helped pick up litter along the roadside, parks, and around our office building. We are helping keep our community clean, green, and a beautiful place to live. The Great American Cleanup is the nation's largest community improvement program that Fort Wayne has participated in for over 20 years. This was Sky Point's first year participating and we are looking forward to continuing serving our community in the years to come!

Sky Point is committed to continuous improvement. This quarter, Sky Point focused on consistency and encouraging the use of our spaces to benefit the entirety of the Sky Point family as a whole. We are accomplishing this through intentional painting and decorating the shared Sky Point office space. With the continuous consistency of our office spaces, we have encouraged others to share and utilize the resources we have available. This has lead to a positive and uplifting environment to boost creativity as well as furthering the embodiment of Sky Point's core values and mission.

CLIENT CORNER: EDUARDO

Eduardo began Employment Services with Sky Point Social Services in August 2019 with Employment Specialist, Jennifer Glass. When Eduardo began services, he struggled academically and was very shy. He had a lack of confidence which was holding him back from having a successful life and proved to be a barrier to employment. Soon after he started the discovery process, he began to open up and a whole new person emerged. He started taking job readiness classes which helped him understand the importance of working and taught him the skills needed to succeed in the workplace. Eduardo grew in his self-confidence and most notably in the way he communicated with others.

In December 2020 Eduardo began his first job at Meijer as a greeter. He took on the new challenge and had an excellent transition into the workforce. Not only did he prove to himself that he is capable of stepping outside his comfort zone, but he also went above and beyond what he ever thought possible!

Eduardo's Employment Specialist and the whole Sky Point family are so impressed with his hard work, dedication, and perseverance and wish him the best in his employment journey!

Written By: Jennifer Glass

FUN FACT:

Eduardo loves to play basketball, listen to music, and enjoys hanging out with friends whenever he gets a chance.
