HAPPY BIRTHDAY, SKY POINT!

This year marks the 5th anniversary of Sky Point Social Services. Sky Point was founded by Francis and Dana Jomo in 2015. Sky Point was established from Francis and Dana's dining room table with only providing one service. Fast forward to now, 2022, Sky Point is proud to offer over 10 different services. Sky Point has quickly grown in expanding our office space including an awesome skill building area to help individuals reach their goal of living as independently and healthy as possible in their home and community. Sky Point has continued to reach for the sky and bring the company to new heights through being CARF Accredited, BBB Accredited, Certified Minority Business Enterprise, and expanding our Sky Point Family to better serve others. Congratulations to Sky Point and looking forward to the many years to come! Special thank you to all those in our Sky Point Family for all that you do and support!

2021 ANNUAL YEAR END BANQUET

On November 20, 2021, Sky Point hosted their Annual Year End Banquet held at the Tin Caps Stadium. This was a great night full of fellowship with staff members, a year end recap and looking forward to the upcoming year! We also recognized staff members who have gone above and beyond to exemplify Sky Point's mission throughout the past year. This was the first time since the beginning of the COVID-19 pandemic that the entire Sky Point staff were able to come together in one place! This was a huge occasion also for us as we celebrated the 5 year anniversary of Sky Point's start as well! We look forward to the upcoming Year End Banquets to come and we thank everyone that was involved in the planning of this fun night!

COMPANY UPDATE

In 2021, Sky Point revamped their core values to **REACH** to better support our vision, shape our culture, and reflect what matters most. Our five core values are **Relationships, Empowerment, Authenticity, Continuous Improvement, and Humility**. These core values help us in hiring, changing behavior, determining direction, and making decisions. Our commitment to our values are the six step principle, which is to remember it, model it, talk it, incorporate it, recognize it, and call it. We will have healthy relationships, personally and professionally, recognizing that all things are better when we work together. We will empower individuals in our lives by understanding that we are all in need of personal and professional growth and can learn from everyone. We will stay true to ourselves, understanding that we are all broken, messy, and in need of grace. We will seek to grow in all aspects of our lives including spiritually, mentally, physically, emotionally, financially, and socially. We will seek humility in all aspects of our lives. We will lead with our hearts and treat each other with unconditional respect and dignity. *To learn more about Sky Point's REACH values, click or scan your phone camera over the QR code below.*

REACH

RELATIONSHIPS

Life is short. We will enjoy it. And we will enjoy it with others.

EMPOWERMENT

When we commit to empowerment, the sky truly is the limit.

AUTHENTICITY

You are enough; it's enough to be who you are.

CONTINUOUS IMPROVEMENT

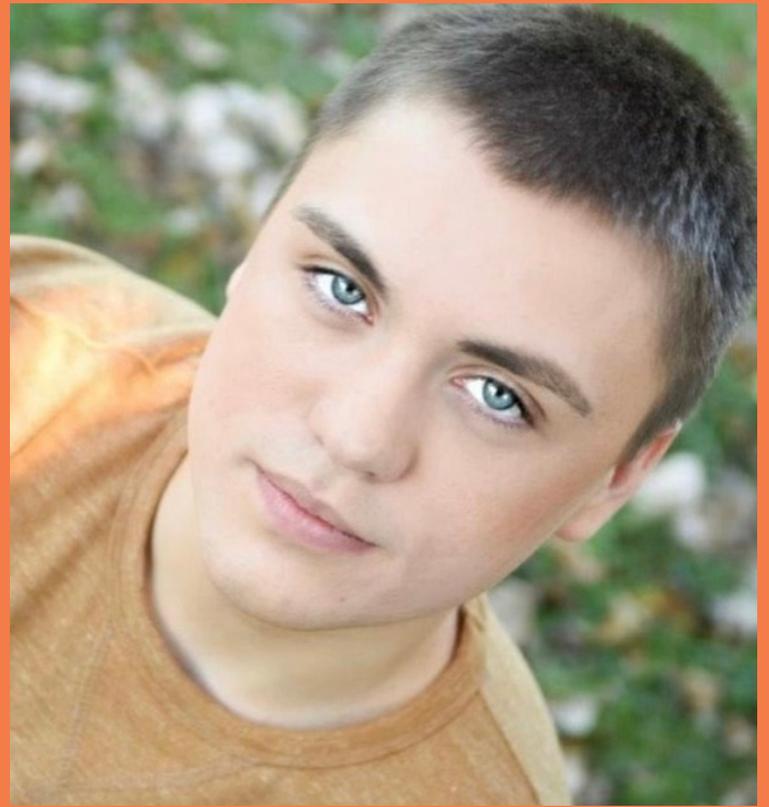

We seek to thrive, not just survive.

HUMILITY

You matter, I matter, we all matter. That's all that matters.

CLIENT CORNER: MEET IAN

Ian is a bright young man who loves listening to music and hanging out with his friends. He has a passion for theater and fashion with the dream to be a Hollywood actor one day. Along the way, Ian has overcome numerous life challenges. Ian receives Behavior Management and Employment Services with Sky Point. Ian's goals are to have a better social life, living independently, coping with social anxieties, building life skills, and finding a meaningful job. Sky Point empowers Ian to gain success developing a strong stable foundation to build on. Ian is currently in the process of getting his own place, which can be a stressful time. With the support from Sky Point staff, Ian is able to stay

focused on working with visual aids and practicing coping skills. Ian's services have included out-side the box thinking using group structure and equine assisted programming. During his time working with the employment specialist, Ian has developed skills to help him better understand what makes a good employee, how to manage work worries and communicating with peers. He has also worked on the importance of getting along with co-workers and how to handle any conflict that may arise. Ian is able to use these skills while volunteering with his employment specialist. While volunteering, Ian is able to see what type of work would fit best for him and if there are any other skills he would need to build on. Ian and the employment specialist are working on getting his drivers license to gain more independence. Ian has acknowledged the importance in creating a structured schedule to help reduce his anxiety, plus it gives him something to look forward to daily. Ian is doing a great job staying focused while overcoming difficult obstacles. The behavior consultant continues working with Ian on identifying what a meaningful life looks like to and breaking down goals for his future.
